**Re: Notice of *Ex Parte* Communication, PS Docket No. 12-94**

Dear Ms. Dortch:

On June 25, 2012, Jeffrey Marks of Alcatel-Lucent, met with Louis Peraertz, Legal Advisor in the Office of Commissioner Mignon L. Clyburn. In the meeting, Mr. Marks asserted that the Commission has ample authority to place appropriate conditions on all early deployments to ensure interoperability and integration into the forthcoming nationwide public safety broadband network. He also urged that Commission authorizations for early deployments should provide a level of certainty that the Commission, the National Telecommunications and Information Administration and the First Responder Network Authority (FirstNet) will work to ensure a seamless transition from early deployment to FirstNet.

Please contact the undersigned with any questions in connection with this submission.

Respectfully submitted,

/s/

Jeffrey A. Marks  
Senior Counsel – Director  
Public Affairs, Americas Region
